LESBIANS OVER 35 LOOKING TO RE-DEFINE ROMANCE AND RELATIONSHIPS
Now lesbians over 35 need to look no further than Lez Rendezvous...the new social dating network for mature lesbians in search of a new alternative to finding that special someone

Summerfield, FL – February 16th, 2009 – As lesbians move away from early adulthood and become more mature, many re-assess their approach to meeting that special someone.

“With so many dating and social networks now targeting younger lesbians, I saw the lack of expert, focused support for lesbians who are seeking a life partner and decided to create something unique and appealing to the more experienced, mature lesbian woman,” said Barb Elgin, a Certified Singles, Dating and Relationship Coach with over 20 years of experience and the founder of Lez Rendezvous. “Lesbians over the age of 35 now have both access to a group of established women like themselves *and* the tools they’ll need to attract, grow and sustain a deeply satisfying, lasting relationship with another woman.”

Lez Rendezvous was created by Elgin, a 35+ lesbian herself, with the idea that lesbians over 35 have unique challenges meeting women of their caliber and age. Lesbians 35 and over are wise enough now to know they must not only be more selective in discovering who is a great partner for them but they must also learn how to be a great partner.

Reports Elgin, “Finally, the mature lesbian has a healthy, supportive meeting place for maximizing her potential on what I call the ‘journey of love’. While our ultimate goal is helping each lesbian attract a compatible woman they can grow a vibrant, lasting bond with in this lifetime, [Lez Rendezvous](#) is also about helping lesbians become happily single, which is, by the way, key to attracting a great partner. And, lastly, [Lez Rendezvous](#) endeavors to support lesbians in forming healthy, vibrant *friendships* with other lesbians that last a lifetime. Strong, supportive friendships of all types can help singles stay true to themselves during the partner selection process and may help couples weather the inevitable challenges of long term,

committed love.” Members have full access to high quality coaching programs, a private web site full of resources for the 35+ lesbian woman, and workshops on dating and relationships.

Lez Rendezvous announces its launch by offering a Free 15 minute one-on-one laser coaching session twice a month (a \$50 value), Free Singles Classes (90 minutes per month, a \$150 value) and a Free Singles Mingle event once a month for each new member.

”35+ lesbians will now truly have a place to go where they can be assured they’re meeting like-minded, same-aged women,” says Elgin. “Lez Rendezvous is *“the”* 35 and over lesbian dating and relationship resource.”

###

About Lez Rendezvous – Lez Rendezvous is a place where mature lesbians can go for personal guidance in re-defining romance and relationships in their lives. Lez Rendezvous caters to the more mature, sophisticated lesbian woman who is seeking the same. Unlike other lesbian dating sites or social networking groups, Lez Rendezvous is membership based and services a specific lesbian age group and mindset. For more information, visit www.lezrendezvous.com.
